Financial Statements and Supplemental Schedule
December 31, 2014 and 2013
Together with Independent Auditor’s Report

A Hawaii Limited Liability Partnership

Independent Auditor's Report

To the Trustees of
Lili'uokalani Trust:

Report on the Financial Statements

We have audited the accompanying financial statements of Lili'uokalani Trust (the Trust) which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities, functional expenses and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lili'uokalani Trust as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2014 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Lili'uokalani Trust

Notes to Financial Statements
December 31, 2014 and 2013

1. Summary of Operations and Significant Accounting Policies

a. Operations

Lili'uokalani Trust (the Trust) was created in 1909 by the late Queen Lili'uokalani, Hawaii's last reigning monarch. The Trust is dedicated to providing support and services to orphan and destitute children, with preference given to those of Hawaiian ancestry. Income of the Trust is derived principally from rental income received from long-term leases on owned real estate, sales of certain real property located in the state of Hawaii and investment income realized from its investment portfolios.

b. Basis of Presentation

The Trust's net assets and activities are classified based on the existence or absence of donor-imposed restrictions as follows:

- **Unrestricted Net Assets** – Net assets not subject to donor-imposed stipulations. The portion of unrestricted net assets that the board of trustees has designated for a specific purpose is presented separately from the undesignated net assets in the accompanying statements of financial position. The board of trustees retains full control over such designated funds and may use them for any purpose.
- **Temporarily Restricted Net Assets** – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Trust and/or the passage of time.
- **Permanently Restricted Net Assets** – Net assets subject to donor-imposed stipulations that must be maintained permanently by the Trust. The donors of these assets generally permit the use of the income earned on related investments for general or specific purposes. The Trust has no permanently restricted net assets.

c. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant items subject to such estimates and assumptions include the carrying amount of receivables, real property, investments, and accrued postretirement benefits. Actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2014 and 2013

1. Summary of Operations and Significant Accounting Policies (continued)

d. Income Taxes

The Trust has been recognized by the Internal Revenue Service as exempt from Federal income tax under Section 501(c)(3) of the Internal Revenue Code (Code) and is classified as a private operating foundation under Section 4942. As an exempt private operating foundation, the Trust is not subject to the excise tax on net investment income for private foundations. To maintain its private operating foundation status, the Code requires the distribution, for charitable purposes, of at least 85 percent of the lesser of adjusted net income or the minimum investment return (i.e., five percent of the aggregate fair market value of investment assets less cash deemed to be held for charitable purposes). The distribution must not be less than 2/3 of minimum investment return.

In each of the years 2014 and 2013, the Trust has expended sufficient amounts for charitable purposes or utilized distribution carryovers from prior years to not incur a tax for failure to distribute income that is imposed by the aforementioned section of the Code.

e. Cash and Cash Equivalents

The Trust primarily maintains its cash in bank deposit accounts and had approximately \$13,359,000 and \$13,496,000 in excess of federally insured limits at December 31, 2014 and 2013, respectively. The Trust has not experienced losses in these accounts and management believes there is no significant credit risk related to cash.

The Trust considers cash on hand, deposit accounts and financial instruments with original maturities of three months or less at the date of purchase to be cash and cash equivalents.

f. Accounts Receivable

Accounts receivable consists of amounts due primarily from percentage rent due from lessees. Management determines the allowance for doubtful accounts by identifying troubled accounts and using historical experience applied to an aging of accounts. Accounts receivable are written off when deemed uncollectible and recoveries of previously written off receivables are recorded when received. For the years ended December 31, 2014 and 2013, management's estimated allowance was approximately \$103,000 and \$68,000, respectively.

g. Investments Receivable

Investment receivable consists of amounts redeemed, but not yet received from investment managers on December 31.

Lili'uokalani Trust

Notes to Financial Statements
December 31, 2014 and 2013

1. Summary of Operations and Significant Accounting Policies (continued)

h. Prepaid Expenses and Other Assets

Prepaid expenses and other assets consist primarily of deferred leasing commissions and escrow deposits. Deferred leasing commissions are amortized on a straight-line basis over the term of the related leases.

i. Property and Equipment

Property and equipment are recorded at cost, except that land acquired in the original deed of trust is recorded at the appraisal value at date of grant. All Trust property and equipment is considered exempt. Exempt property represents property used for program services. Maintenance and repairs are expensed as incurred and expenditures for renewals or betterments are capitalized.

Depreciation is calculated using the straight-line method over the estimated useful lives of the assets.

Furniture, fixtures and equipment	3 to 7 years
Buildings and improvements	Shorter of lease term or 20-40 years
Land improvements	30-40 years

j. Investments

Investments include marketable securities, non-controlling interests in for-profit limited partnerships, and real estate. Investments in marketable securities consist of mutual funds and equity securities and are stated at fair value based on quoted market prices. Investments in real estate and for-profit limited partnerships are classified as other investments and are reported at the lower of cost or fair value.

Included in investments are cash of \$10,006,243 and \$9,500,556 at December 31, 2014 and 2013, respectively, which the Trust has elected not to classify as cash and cash equivalents in the statements of financial position.

Lili'uokalani Trust

Notes to Financial Statements
December 31, 2014 and 2013

1. Summary of Operations and Significant Accounting Policies (continued)

k. Deferred Rent Receivable

The Trust, as lessor, has lease agreements that provide for scheduled rent increases over the terms of the leases. Rental income is recognized on a straight-line basis over the term of the lease. The difference between rental income per the lease agreements and amounts recognized on a straight-line basis is recorded as deferred rent receivable on the accompanying statements of financial position.

l. Deferred Revenue

Deferred revenue consists of rents received in advance of the due date and lease extension premiums. Lease extension premiums are amortized on a straight-line basis over the life of the related leases.

m. Employee Benefit Plans

The Trust accounts for its postretirement benefit plan in accordance with Accounting Standards Codification (ASC) 715, *Employers Accounting for Pensions*. ASC 715 prescribes standards of financial accounting and reporting for an employer that offers pension benefits to its employees. ASC 715 requires employers to (a) recognize the overfunded or underfunded status of a single-employer defined benefit postretirement plan as an asset or liability in its statement of financial position and to recognize changes in that funded status in unrestricted net assets in the year in which the changes occur, and (b) measure the funded status of a plan as of the date of its year-end statement of financial position.

n. Donations

The Trust reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Lili'uokalani Trust

Notes to Financial Statements
December 31, 2014 and 2013

1. Summary of Operations and Significant Accounting Policies (continued)

o. Impairment of Long-Lived Assets and Long-Lived Assets to Be Disposed Of

Long-lived assets (individual assets or asset groups) are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If future net cash flows are less than the carrying value of an asset, an impairment loss is recognized to the extent the asset's carrying value exceeds its fair value. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

p. Reclassifications

Certain reclassifications were made to prior year's financial statements to conform to the 2014 presentation. Such reclassifications had no impact on the previously reported change in net assets.

q. Recent Accounting Pronouncement

In October 2012, the Financial Accounting Standards Board issued ASC Update 2012-05, *Statement of Cash Flows (Topic 230) – Not-for-Profit (NFP): Classification of the Sale Proceeds of Donated Financial Assets in the Statement of Cash Flows*. This guidance requires a NFP to classify cash receipts from the sale of donated financial assets consistently with cash donations received in the statement of cash flows if those cash receipts were from the sale of donated financial assets that upon receipt were directed without any NFP-imposed limitations for sale and were converted nearly immediately into cash. Accordingly, the cash receipts from the sale of those financial assets should be classified as cash inflows from operating activities, unless the donor restricted the use of the contributed resources to long-term purposes, in which case those cash receipts should be classified as cash flows from financing activities. Otherwise, cash receipts from the sale of donated financial assets should be classified as cash flows from investing activities by the NFP. This guidance is effective prospectively for fiscal years, and interim periods within those years, beginning after June 15, 2013. The adoption of this guidance did not have a significant effect on the Trust's financial position or results of operations.

r. Subsequent Events

The Trust has evaluated subsequent events through June 24, 2015, the date the financial statements were issued.

b. Other Investments

The Trust's other investments consist of investments in for-profit limited partnerships and real estate held for use, sale and development. As allowed under ASC 958-325-35, the Trust accounts for its other investments at the lower of cost or fair value. Under this method, the same measurement attribute is used for all other investments and declines in the value of those investments are recognized if their aggregate market value is less than their carrying amount; recoveries of aggregate market value in subsequent periods are recorded in those periods subject only to the limitation that the carrying amount does not exceed the original cost.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under US GAAP are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Trust has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Trust's investments are recorded at fair value as follows:

Mutual funds are stated at fair value using quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Trust at the reporting date on a recurring basis.

Equity securities are stated at fair value using quoted market prices.

U.S. treasuries are stated at fair value using quoted market prices.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2014 and 2013.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Trust's investments by type of fund based on Level 1 inputs as of December 31, 2014 and 2013:

	2014	2013

4. Fair Value Measurements (continued)

The Trust's other financial instruments include cash and cash equivalents, receivables, prepaid expense and other assets, accounts payable and other accrued liabilities. The carrying amounts of these assets and liabilities approximate fair value because of the short-term nature of these instruments.

As of December 31, 2014 and 2013, the carrying amount of notes payable was approximately \$6,845,000 and \$7,041,000, respectively, which approximates fair value as the interest rate is commensurate with interest rates currently offered by lending institutions for loans of similar terms to companies with comparable credit risk.

5. Temporarily Restricted Net Assets

Temporarily restricted net assets at December 31, 2014 and 2013 consisted of the following:

	<u>2014</u>	<u>2013</u>
Operations:		
U.S. Department of Education Summer Food Service Program	\$ 568	\$ 568
Other	<u>6,184</u>	<u>36,018</u>
Total	<u>\$ 6,752</u>	<u>\$ 36,586</u>

Net assets in the amount of approximately \$29,800 and \$10,300 were released from donor restrictions in 2014 and 2013, respectively, by incurring expenses satisfying the restricted purposes related to the applicable programs.

6. Employee Benefit Plans

a. 401(k) Plan

In 2005, the Trust established a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code, covering all regular employees who have six months of service and are age 21 or older. Employees may contribute up to 75 percent of included compensation, as defined in the defined contribution plan. The Trust matched 100 percent of employee contributions up to the first 3 percent of included compensation, plus 50 percent of employee contributions up to the next 2 percent of included compensation. Effective January 1, 2014, the Trust increased the funding to match 100 percent of employee contributions up to the first 4 percent of included compensation, plus 50 percent of employee contributions up to the next 2 percent of included compensation.

Expenses related to the 401(k) plan totaled approximately \$486,000 and \$352,000 for the years ended December 31, 2014 and 2013, respectively.

b. 457(b) Plan

Effective September 2013, the Trust established a new, non-qualified deferred compensation plan called the Queen Lili'uokalani Trust 457(b) Plan, covering a select group of eligible employees and independent contractors of the Trust. Participants can defer a portion of their compensation up to the IRS limit and have the funds invested tax deferred.

Expenses related to the 457(b) plan totaled approximately \$3,200 and \$1,700 for the years ended December 31, 2014 and 2013, respectively.

c. Postretirement Benefit Plan

The Trust provides postretirement health benefits to eligible employees based on age and years of service. The plan covers the cost of medical plan coverage subject to a set monthly maximum.

6. Employee Benefit Plans (continued)

c. Postretirement Benefit Plan (continued)

The following estimated future postretirement benefit payments, which reflect expected future service are expected to be paid in the years indicated:

Years ending December 31,	
2015	\$ 39,326
2016	54,113
2017	62,397
2018	66,879
2019	61,337
2020 – 2024	462,868

The Trust expects to contribute approximately \$39,000 to its postretirement benefit plan in 2015.

The following assumptions were used in accounting for the plans at December 31:

	2014	2013
Benefit obligation:		
Discount rate	4.15%	5.05%
Expected long-term rate of return on plan assets	n/a	n/a
Health care trend rates	7.5% - 5%	7.75% - 5%

6. Employee Benefit Plans (continued)

c. Postretirement Benefit Plan (continued)

The components of net periodic benefit cost were as follows:

	2014	2013
Service cost	\$ 50,441	\$ 53,657
Interest cost	67,266	60,394
Amortization of net gain	(18,609)	(4,656)
Amortization of unrecognized net transition obligation	16,719	16,719
Net periodic benefit cost	<u>\$ 115,817</u>	<u>\$ 126,114</u>

The estimated transition obligation for the postretirement benefit plan that will be amortized from unrestricted net assets into net periodic pension benefit cost during 2015 is \$16,719.

7. Notes Payable

In 2004, the Trust entered into a commercial term loan agreement with a bank in the original amount of \$1,300,000 to finance the purchase of its main office space and related improvements. Effective June 27, 2012, the Trust entered into a loan amendment agreement to extend and amend the terms of the loan. The loan interest rate decreased from 5.31 percent to 3.23 percent and the required monthly principal and interest payments decreased from \$7,836 to \$5,178. The maturity date of the loan was extended to July 1, 2022. There was a balance of approximately \$992,000 and \$1,021,000 outstanding on the loan at December 31, 2014, and 2013, respectively.

On June 18, 2012, the Trust entered into a \$5,000,000 commercial term loan agreement with the aforementioned bank to fund the construction of its Waianae Coast Children's Center, which was completed in 2012. The loan matures on July 1, 2022, bears interest at 3.23 percent and requires the Trust to make monthly principal and interest payments of \$24,314. There was a balance of approximately \$4,675,000 and \$4,813,000 outstanding on the loan at December 31, 2014, and 2013, respectively.

7. Notes Payable (continued)

In 2008, the Trust entered into a mortgage loan with the aforementioned bank in the original amount of \$1,350,000 to finance the purchase of the Wili Pa Loop property and related improvements for the Maui Children's Center. Throughout 2012 and 2013, the mortgage loan carried a fixed interest rate of 4.10% with monthly payments of principal and interest of \$6,455. Effective October 21, 2013, the mortgage loan was paid off in full and the Trust entered into a new commercial term loan agreement with the bank in the amount of \$1,210,000. The loan matures on November 8, 2023, bears interest at 4.10 percent and requires the Trust to make monthly principal and interest payments of \$6,455. At December 31, 2014 and 2013, the loans had outstanding balances of approximately \$1,178,000 and \$1,207,000, respectively.

The Trust also has a line of credit with the aforementioned bank in the amount of \$2,500,000. The line of credit bears interest at a variable interest rate and is subject to the Trust's choice of the bank's one-, three- or six-month London Inter-Bank Offer Rates (LIBOR) plus 0.875 percent or the bank's base rate minus a margin of .75 percent with a minimum interest rate not less than 1.75 percent, and expires in October 2015. As of December 31, 2014 and 2013, there were no outstanding draws on the line of credit.

All loans, including any outstanding line of credit draws, are secured by approximately \$10 million of marketable securities, and also require the Trust to maintain certain financial covenants related to its loan to value ratio, as defined in the loan agreement. The Trust was in compliance with these requirements as of December 31, 2014.

The approximate annual principal payments on notes payable at December 31, 2014 were as follows:

For the years ending December 31,	
2015	\$ 203,000
2015	210,000
2016	217,000
2017	225,000
2018	232,000
Thereafter	<u>5,758,000</u>
	<u>\$ 6,845,000</u>

8. Leases As Lessor

Land held by the Trust as investment property is leased or available for lease under operating lease arrangements which expire through 2082.

Future minimum rental revenues under long-term non-cancelable operating leases as of December 31, 2014 were approximately as follows:

For the years ending	
December 31,	
2015	\$ 21,527,000
2016	21,633,000
2017	25,725,000
2018	20,708,000
2019	20,711,000
Thereafter	<u>855,131,000</u>
Total	<u>\$ 965,435,000</u>

The Trust receives percentage rentals (based on lessees' gross receipts, as defined) on certain of its properties. Percentage rent revenues earned for the years ended December 31, 2014 and 2013, amounted to approximately \$3,231,000 and \$3,426,000, respectively.

9. Commitments

The Trust entered into contracts with various third parties related to its development projects and construction in progress. At December 31, 2014, these contracts totaled approximately \$9,220,000, of which the Trust had incurred approximately \$6,323,000 as of December 31, 2014.

In October 2012, the Trust executed a promissory note agreement in the amount of \$1,490,235 with a government agency to secure the Trust's commitment to fund its estimated share of costs under a water resource development agreement. The promissory note requires the Trust to pay the full amount of the promissory note within forty five days of receiving supporting evidence of the cost incurred. The note does not bear interest and is secured by approximately \$2,600,000 of marketable securities, as defined in the agreement. As of December 31, 2014, no claim was requested related to the promissory note.
