

Lawai'a Report

The purpose of this fisherman report is for us to understand the abundance and diversity of marine life at Keahuolū. The information you provide will help us monitor the health of our nearshores so we can ensure that the future keiki of Hawai'i can share the same catch we're experiencing today.

Mālama ke kai. Please keep only what you and your 'ohana will eat during your stay.

Names of Lawai'a (Optional): _____ # of Lawai'a: _____
